Call for applications: Trainers in the farm & forestry sectors

Within the framework of the [H2020 EU project i2connect](#) (Grant Agreement No. 863039) EUFRAS is launching a call for trainers to facilitate the training of advisors on interactive innovation support.

A training course led by two trainers of about 16 participants/each course (rural advisors, innovation support agents/consultants), to be completed in the period **15.9.2022 to 30.6.2024**, is planned in each of the following countries:

- **Czech Republic**
- **Denmark**
- **Estonia**
- **Romania**
- **Slovakia**
- **Sweden**

The **training on interactive innovation** consists of the following tasks:

- Preparation, realisation and evaluation of a **3-day face-to-face advisor method training on interactive innovation**,
- Organization of a **half year coaching period** following the face-to-face training (about 3 working days, online or face-to-face)
- Translation of training material, handouts in the respective language
- Provide and document seminar material and photo protocol in the project's moodle platform <https://i2c-learn.iconcept.lv/>
- Cooperation with an educational or training institution (if applicable), communication with the project's task leader.

Application criteria

- Experience in training on facilitation methods to support interactive innovation (farm/forestry sectors)
- Coaching experience
- Ability to convey content, skills and attitudes on communication, networking and innovation processes in a participant-centred and practice-oriented manner

Prerequisite is the **participation in the i2connect Training of Trainers in Croatia, September 5-8, 2022** (travel costs will be covered by the project) or a comparable previous experience such as the AgriSpin-CECRA TTT on CECRA Module 16 Shaping Innovation processes in 2015.

Application procedure

Please hand in your offer by stating the country **until May 31, 2022** to Līga Cimermāne (EUFRAS) by Email to liga.cimermane@llkc.lv

We will **inform successful candidates in June 2022**.
